SIM II TOASTMASTERS CLUB

Let's Rub Elbows, It's Time to Mingle!

Become a Successful Networking Hot Shot in Life, Love, and Business.

Everyone knows that first impressions are crucial. However, are first impressions really about all the hair-styling, shoe shining, suit buying, and personality projecting that we do? Let's say you made a good impression, now what? Do you get thrown into the opportunity of convivial conversation but just cannot think of anything to say?

Find out how to smash that invisible barrier and effectively talk to and instantly connect with absolutely anyone. Make friends and important contacts where you go and command the respect of everyone you meet. Learn how to be credible and charismatic in every social and business situation. Discover crucial communication skills for survival in the human jungle.

How to...

- ... get people "Dying to Meet You"? ... meet the people you want in an unusual way? ... make a great last impression?
- ... smoothly change the subject? ... save face when you've forgotten a name? ... make people look up to you?
- ... avoid saying and doing those "dumb little things" that make people disconnect from you?

Everyone wants to become a master communicator whom everyone enjoys talking to. Gabriel will show you how to be one of those lucky few as he shares almost a hundred how-tos, tricks, and strategies in this information-packed full day event. Master communication subtleties you may have never even known existed today!

Gabriel Leong, a Competent Communicator and Advanced Leader with Toastmasters International, is one of today's most sought-after communication speakers and evaluators in the movement's local arm here. He is a Senior Group Director of Dennis Wee Group, a local real estate giant. Gabriel started his career in the Food & Beverage Service industry, Network and Multi-Level Marketing and presently also an adjunct trainer out of passion. An NLP Master Practitioner and Life-Coach, he brings along with him vast experience in connecting instantly with people every day over the past 18 years.
